SUBJECT INDEX

Accountability,
in education, *8*(1), 29;
Adjunctive Behavior,
characteristics of, *5*(2), 175;
Adler, Alfred,
individual psychology and operant analysis, *8*(1), 39;
Amelioration,
and control of human behavior, *8*(1), 135;
and experimentation, *8*(1), 135;
Animal Behavior,
1(1), 34;
Animal Models,
neurotic paradox, *10*(2), 161;
and applied behavior analysis, *10*(2), 253;
Animal Studies,
limitations of, *4*(1), 81;
Antisocial Behavior,
theory of, *10*(1), 75;
Applications,
from laboratory, *6*(1), 27;
with humans, *6*(1), 27;
at community level, *7*(1), 71;
of contingent consequences in China, *7*(2), 121;
training in doctoral programs, *8*(2), 159;
breast self-examination, *9*(2), 147;
Applied Behavior Analysis,
definition of, *5*(1), 53;
development of, *2*(1), 15;
contrasted to care-help focus, *3*(1), 1;
relation to experimental analysis, *3*(1), 1; *4*(2), 93; *5*(1), 103;
relation to human operant research, *5*(1), 21;
status of, *2*(1), 15; *3*(2), 67; *4*(2), 85; *4*(2), 93; *5*(1), 53;
differentation of activity in, *8*(2), 143;
and behavioral generalization, *9*(1), 19;
importance to basic research, *9*(2), 89;
and absolute vs relative response rates, *9*(2), 157;
steady-state and transition state behavior, *9*(2), 157;
in crime and delinquency, *10*(1), 67;
social engineering, *10*(2), 147;
the neurotic paradox, *10*(2), 161;
and Shakespeare, *10*(2), 189;
research methods, *10*(2), 253;
health care, *10*(2), 289;
Association for Behavior Analysis,
history of, *1*(1), 3; *2*(1), 22; *2*(1), 25;
role of, *4*(1), 33;
Auditory Hallucinations,
delusional systems, *6*(2), 133;
incompatible behaviors, *6*(2), 133;
intraverbal behavior, *6*(2), 133;
subvocalization, *6*(2), 133;
verbal behavior analysis of, *6*(2), 133;
Authors in Behavioral Journals,
affiliation of, *6*(2), 161;
foreign contributors, *6*(2), 161;
women as, *6*(2), 145;
Avoidance Behavior,
neurotic paradox, *10*(2), 161;
Awards,
Marlin Schneider, Wisconsin State Representative, *9*(2), 193;
right to effective treatment *10*(2), 235, 239, 241;

Basic Research,
4(2), 85; *6*(1), 27; *6*(2), 161;
relation to applied behavior analysis, *4*(2), 93;
relation to human operant research, *5*(1), 21;
and relevance of applied behavior analysis, *9*(2), 89;
applications of, *10*(1), 105;
animal models, *10*(2), 161;
Behavior,
units of, *10*(1), 89;
and response integration, *10*(1), 89;
and environment interactions, *10*(1), 89;
Behavior Analysis,
applications in social work, *4*(2), 165;
impact on education, *5*(1), 65;
in diverse fields, *4*(1), 33;
influence of, *4*(1), 33;
levels of analysis within, *1*(1), 25;
philosophy of, *3*(2), 67;
professional issues in, *4*(2), 85; *6*(2), 145;
status of, *3*(2), 1; *4*(2), 163;
training in, *3*(2), 1;
trends in, *3*(2), 67;
meaning of "analysis" in, *4*(2), 159;
in non-supportive environment, *6*(1), 19;
flight from, *6*(1), 19;
in clinical applications, *6*(1), 47;
women's participation in, *6*(2), 145;
of concept of "belief," *7*(1), 17;
participation by women, *7*(1), 77;
interpretation of cognitive terms, *7*(2), 97;
of changing contingencies in China, *7*(2), 121;
distinct from psychology, *8*(1), 15;
for improving education, *8*(1), 29;
misrepresentation of, *8*(1), 95;
in designing courseware, *8*(1), 65;
in media dissemination, *8*(1), 77;
applied, differentiation in, *8*(2), 143;
applied, metaphorical activities, *8*(2), 143;
and behavioral ecology, *8*(2), 151;

designing doctoral program in, *8*(2), 159;
and optimal foraging theory, *8*(2), 151;
and threat of nuclear war, *9*(1), 61;
and public policy, *9*(1), 35;
future direction of, *9*(1), 1;
history of, *9*(1), 1;
of natural contingencies, *9*(1), 19;
transferring its technology, *9*(2), 147;
of cognitive expressions, *9*(2), 161;
and mentalism, *9*(2), 175;
reinterpretation of self-efficacy theory, *10*(1), 1;
three generic units of behavior in, *10*(1), 17;
explanation in, *10*(1), 17;
and crime prevention, *10*(1), 69;
and social policy in prevention of delinquency, *10*(1), 83;
and radical behaviorism and psychology, *10*(1), 95; *10*(2), 175;
and literature, *10*(2), 189;
at the state level, *10*(2), 199;
and certification, *10*(2), 199;
and behavior science, *10*(2), 287;
Behavior Analysts,
competencies for, *2*(1), 1;
training of, *3*(1), 31; *3*(2), 1; *4*(2), 85; *4*(2), 163; *5*(1), 77; *8*(2), 159;
at Columbia University 1930's and 1940's, *9*(2), 139; certification, *10*(2), 199;
Behavior Modification,
criticisms of, *2*(2), 16;
development and dissemination of, *5*(1), 29; *5*(2), 209;
ethics of, *2*(2), 9; *4*(1), 9;
history of, *4*(1), 9;
